(3) Statement that the abandonment was unintentional.

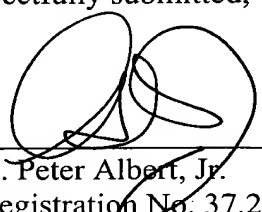

Applicants hereby state that the entire delay in filing the required reply, from the due date for the reply until the filing of this petition, was unintentional. The Examiner issued a final Office Action in the above-identified application on April 21, 2005. Applicants' subsequently transferred the files and prosecution of the present application to the current representatives. The physical file now in the possession of Applicants' current representatives includes a Petition for Extension of Time and a Notice of Appeal executed by Applicants' prior representatives on August 22, 2005, a copy of which is attached as Appendix I. It appears that the Notice of Appeal was inadvertently not sent to the U.S. Patent and Trademark Office by Applicants' prior representative since private PAIR shown no record of receipt by the U.S. Patent and Trademark Office, and Applicants' physical file does not contain a return postcard for the Notice of Appeal. As the file contains a signed copy of the Notice of Appeal, the current representatives understood the Notice of Appeal to have been filed and relied on the prior representative's documentation. Applicants had been unaware that their former representatives had not filed a Notice of Appeal. However, eventually, the prior representatives forwarded a Notice of Abandonment issued by the Examiner on January 18, 2006 to the current representatives. Upon receipt of the Notice of Abandonment, Applicants' representatives had to recreate the file history to determine what the prior representatives had filed and/or failed to file, at which point it was discovered that apparently the Notice of Appeal in the physical file had been inadvertently not filed.

(4) Any required terminal disclaimer (37 C.F.R. § 1.137(c)).

No terminal disclaimer is required in this application under 37 C.F.R. § 1.137(c) since this application was not filed before June 8, 1995.

Respectfully submitted,
